

FEBRUARY 2023

# GARDENING TO DO'S

## My garden is my soil mate...

Only 47 days until Spring!  
For more information on  
how to start seed saving,  
visit [Seedsavers.org](https://seedsavers.org)

According to the Farmers' Almanac  
Redford's 2023 Frost Dates are:

Last Spring Frost: May 8

First Fall Frost: October 9

That's 154 Growing Days!

## GARDENING TO DO'S FOR FEBRUARY

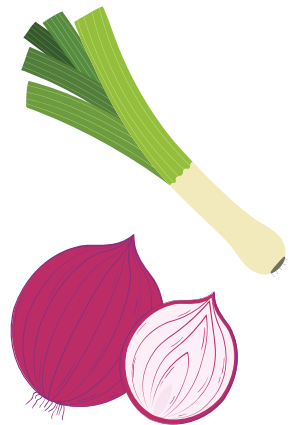

Start seeds for alliums: onions,  
leeks, shallots, scallions.  
They require a very long  
growing season!

Start seeds for eggplants  
and peppers late  
February or early March.

DO GERMINATION  
TESTS ON  
OLDER SEEDS.

Finalize seed lists  
and order seeds.

Plan your  
garden layout.
